

As an Indiana citizen, I want to speak out against proceeding 02-278. I am very satisfied with our State's do not call law. The effectiveness will be diminished with preemption from the federal law. I don't want to recieve phone calls soliciting me for credit cards, window installation, or mortgage loans. If I desire these services I will seek them out. I do not like my brief and valuable family time being interrupted by these types of calls. Please do not preempt our Indiana law. I like it the way it is. Call free.
